**DESCRIPTION** **INSO S.p.A.** is an international “General Contractor” based in Italy, operating in the fields of Healthcare, Industrial and Tertiary infrastructures since the '70s. Thanks to its expertise in designing, building and managing, INSO offers a dynamic response to the needs of a wide range of industries, developing every phase of the construction process through a multi-disciplinary and integrated approach. Through over 40 years of activity INSO retains a special know-how for completing high-tech buildings, such as “turn-key” hospitals, office complexes, shopping malls, business centres, community facilities, skyscrapers, pharmaceutical and industrial plants, schools, universities, sporting centres, etc. INSO has been operating since the beginning in Italy and abroad (Egypt, Algeria, Libya, Nigeria, Saudi Arabia, Iraq, China, Syria, Russia), particularly in the Mediterranean area, with a well-established presence in Greece, where the Company realized 9 hospitals, and in Malta, where it carried out the supply and installation of medical equipment for the Mater Dei hospital (850 beds) and the construction of the T2 Shopping Mall. In Martinique it has recently completed the construction of the Business Centre Pointe Simon, in Fort de France. In Turkey INSO was assigned the concession contract

for the design, build and operation of the Kayseri Integrated Health Campus (1583 beds). In Qatar it is providing the supply and installation of all medical equipment for the Sidra Medical & Research Centre. In Serbia it has built the Clinical Centre of Niš (513 beds). In France works are underway for the general hospital of Ajaccio. Other contracts are under execution in Guadeloupe, Algeria, Syria. Foreign branches and subsidiaries have been established in Greece, Malta, Albania, France, St. Lucia, Algeria, Poland, Turkey, Qatar, Chile and Macedonia, where it has been awarded the tender for the construction of the new Clinical Center "Mother Teresa" in Skopje.
