BILATERAL MEETINGS

Wednesday 17:00 - 19:30

DESCRIPTION We are all very experienced corporate managers and/or industrial entrepreneurs who make available their hands on expertise to other companies in order them to achieve the next level of performance

We connect actively companies in **Switzerland, Germany, Austria and Nordic countries with Serbian companies.**

We prepare Serbian SMEs for **export and sell actively** their products and services

We search for EU companies acquisition/investment and co-operation targets in Serbia and also run M&A projects from A to Z incl. PMI as interims managers

Naturally our services also include:

- interims management (several projects with German, Norwegian, Finnish, Japanese companies)
- performance improvements in production lead times, quality, export sales, sales and marketing, customer acquisition or cost cutting in product costs
- we run projects from Strategy development till execution with results

Latest reference:- Japanese stock listed company interims management and group supply chain strategy- Serbian SME; preparing for export and selling actively their products in the export market
