Offer & Request

Consultancy and design services for European projects, including pre-accession funding

Romanian company active on the market since 2003 is providing consultancy and design services for EU funded projects - infrastructure, SME development, education, social projects, etc.

Our company has a variety of clients - public and private, investing in different domains: educational, social, industrial, services, agriculture, food processing, etc. We offer an integrated package of services - consultancy and design for civil works, mainly.

Our experience covers both the pre-accession period - PHARE, SAPARD and continued to EU funding (2007-2013 programming period, 2014-present period) - for agriculture, regional development, SME's development, industry, services, public sector investments, etc. Our experts have also institutional experience from the institutions managing EU funding, starting with elaborating Applicant's guide for different measures, financing documents, verification

procedures for projects/project implementation, etc.

Services comprise both consulting (elaborating the financing application, request for clarifications from the authorities, as well as consulting for implementing projects - payment dossiers, procurement dossiers, drawing up documentations requested by the financing authorities, monitoring assistance, business plans, marketing plans, etc), as well as design services -elaborating Feasibility studies, Technical projects, Documentation for authorization of works and technical assistance, until the end of the investment.

Our company is currently working in Romania, as well as Republic of Moldova, and is seeking new markets for our integrated services: design and consultancy.
